

SAFETY NOTICE TO ALL STAKEHOLDERS

SafeWork NSW have recently identified instances of unauthorised use of Forklifts on the Markets site which is a breach of the *Work Health and Safety Act 2011* and *Work Health & Safety Regulations*.

SML advises all stakeholders they must undertake the following requirements:

- Ensure only authorised persons operate Forklifts
- Ensure keys are removed from Forklifts when not in use in order to prevent unauthorised access.
- Stationary Forklifts must be parked safely and away from risk to the health and safety of individuals.
- HRW Licence holders (including forklift operators) must present their licence for inspection when requested to do so.
